Free tree packs available

**Together we can achieve so much more**

**Woods and trees are vital for people and wildlife and we don't have nearly enough of them. Let's plant more.**

**The offer**

Each autumn and spring there will be FREE community tree packs to give away. Packs are available in two sizes: 105 trees (suitable as a hedge or copse) and 420 trees (approx one acre) and there are four themes to choose from:

**Year-round colour – beautiful views in every season.**

**Native trees included in this pack are:**

Field maple, hawthorn, hazel, birch, rowan, cherry and dogwood.

**Wood fuel – keep the log fires burning.**

**Native trees included in this pack are:**

Ash, birch, cherry, oak and rowan – species which burn well and help attract wildlife to your local area.

**Jams, jellies, chutneys and cordials – treats to eat.**

**Native trees included in this pack are:**

Hazel, blackthorn, crab apple, elder and dog rose.

**Wildlife – provide new homes for our native wildlife.**

**Native trees included in this pack are:**

Hawthorn, hazel, birch, rowan, oak and blackthorn – a rich mix of native species that will create vital new habitats for wildlife.

**To register your interest for one of these packs please do so at [woodlandtrust.org.uk/communitytrees](http://woodlandtrust.org.uk/communitytrees)**

*Please note some species may change subject to demand.*

This website also gives you lots of additional information on woodland creation, a tree calculator so you can decide which size of packs works best for you, long-term weed care and more.

**Why plant?**

Native trees bring lots of benefits:

- Great for wildlife
- Good for shelter and privacy
- Excellent community involvement
- Good for health and wellbeing
- A lasting legacy for your children

**What to plant**

Which trees will grow best in your chosen spot? Some species are good for smaller spaces and hedgerows, others grow quickly. Some like wet

conditions or can withstand an exposed position, while others grow better in a dry or sheltered place. You can find information and advice on all this and more at [woodlandtrust.org.uk/planttrees](http://woodlandtrust.org.uk/planttrees)
