

THE GOLDEN CELEBRATION CONVENTION

**Lions Clubs International District 105SW
Second District Convention
Thursday 18 to Sunday 21 March 2021**

NEWS SHEET No 2

STOP PRESS

Please note that due to there being no kitchen staff present at Croyde Bay over the weekend of 11 to 14 March 2021 I have had to move the date forward one week to Thursday 18 March to Sunday 21 March 2021. My apologies for this but I thought it better to be able to eat than all of us get very thin!

You should by now have your booking form through the District mailing; please read the information sheet very carefully. You should be aware that this Convention will be as near to previous Conventions as possible but there will obviously be some differences. One of these will be serving of food. There will be little or no self-service – this will be noticeable mainly at breakfast and on Friday evening which has been traditionally a buffet-style meal.

However, our District Governor's Gala Dinner on Saturday evening will be waiter service. The traditional moans about slow service at the bar must go on hold please, service will be socially distanced and obviously will take a little longer. I will see if we can preorder drinks as well as wine a bit nearer the time.

District Governor David is hoping that International Director Lion Geoff Leader will be his International guest for the weekend and we look forward to hearing from him. This of course depends somewhat on restrictions imposed by Lions Clubs International.
