

Visiting Lion Competition

Dear Fellow Lions,

Over recent years the competition has declined in the Clubs taking part. I am hoping you will become involved in this to help your Clubs grow and develop in knowledge and have fun at the same time making new friends on the way.

The objective of the Visiting Lion Competition is to encourage Lions to visit not only neighbouring Clubs, but also Clubs outside of our District and if you are fortunate enough to be overseas experience a Lions Club visit there. We are all doing the same work but in so many different ways.

Visiting others can give your Club ideas for Service and Fundraising Projects, it helps your new members to see what others do and broaden their knowledge of the Organisation.

Having social events with other Clubs both inside and outside your Zone is all part of Fellowship, Lions should not just be meetings it should be fun.

Take your Visiting Lion Card with you, get it signed by the Club President or Secretary when you are visiting and either post or email it to me the Travelling Lion Competitions Officer, my contact details are below.

Normally this competition runs from 1st March to 28th February, however due to the current situation the competition will not start until the government lifts the lockdown hopefully later this year. I will confirm the start date in due course.

Full rules and visiting cards are attached to this Mail Drop.

I look forward with interest to see who is visiting who and what you are all up to.

Kind Regards

Lion Andy Burnard

Visiting Lion Competitions Officer
